EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Scott Tulino on October 1, 2009. Attorney Tulino agreed to cancel independent claim 23.

Claims 1, 5-6, 8-12, 15-16, 18, 21-22, and 24 are allowed.

The following is an examiner's statement of reasons for allowance: claim 1 has been amended to overcome prior art of record wherein the prior art of record alone or in combination does not teach each and every element of claim 1, specifically the optical device being flip-chip mounted on a first surface of the transparent base material, light emitted from the optical device passes through the transparent base material approximately perpendicular to the surface of said transparent base material and is emitted from said transparent base material approximately perpendicular to a second surface of said transparent base material, the second surface comprising a surface opposite the first surface.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
